Consideration: Plans & Systems Ordinance
Project: I-5 & US-2 Interchange Justification Report (IJR) Planning Study
Partner/Supplier: Snohomish County
Location: Interstate 5 at US-2
Preceding action: None
Fund: Fund 303

Fiscal summary statement:
The budget for this planning study is \$2,315,000. A Federal Surface Transportation Program (STP) grant will provide \$2,000,000, Snohomish County has partnered with the City and will provide \$150,000 and the balance of the matching funds in the amount of \$165,000 will come from Fund 119 – Street Improvements.

Project summary statement:
The I-5 & US 2 Interchange Justification Report (IJR) Planning Study will produce an interchange justification report (IJR) that will provide a set of design recommendations for improving conditions at the interchange of I-5, US-2, Hewitt Avenue and other streets along the easterly limits of the City of Everett. The grant funds, in conjunction with local matching funds, support operational planning and pre-design work. The IJR could be integrated with the finalization of environmental planning efforts that recently received initial funding from the Washington State Legislature. Integrating the operational planning with the environmental planning would streamline the remaining schedule towards design and future construction of a new westbound US 2 Trestle.
