Preceding action: PS&O Dec 30, 2020

Fiscal summary statement:
Fund: 336

Funding source will be utilities fund.

Estimated expenditure for advertising for bids is \$2,000.00.

Budget is \$22,100,000.

Budget amendment:

Yes X No

PowerPoint presentation:

Yes X No

Project summary statement:

The Reservoir 2 Replacement project will replace the existing 109-year old Reservoir 2 with a five million gallon storage facility to be located on the property adjacent to existing Res 2. The new storage facility will obviate the need for the existing Reservoir 2, thus eliminating the risk for a catastrophic failure of the western and southern embankments of the reservoir which are in poor condition. The project will also replace old 24" transmission lines between existing reservoir 2 and reservoir 1, and construct a new 1,200 sf operations/storage building.

The project plans and specifications are ready to advertise for construction bids.
