Grant Award Spreadsheet

Project summary statement:

The Cultural Arts Commission has supported performing, visual and literary organizations by awarding annual programming grants for 36 years. Through a competitive grant application and screening process, Cultural Arts Commissioners make awards based upon criteria such as non-profit status, Everett-based priority and outreach to underserved youth and community. For 2021 only, neighborhood groups supporting the arts during COVID were also welcomed to apply for grants. These awards enable artists and organizations to develop, produce and exhibit quality artwork and programs. They also increase exposure of the arts to the general public and strengthen partnerships with the artistic community. It is recommended that the arts organizations identified on the attachment receive grant funding to support their programming projects. 2021 Programming Grant Awards total \$40,000.

Department(s) involved:

Cultural Arts

In addition, the Cultural Arts Commission is recommending one Capital Grant be awarded from Fund 112 to support technology upgrades to the recipient. This 2021 Capital Grant award totals \$5,000 bringing the grant allocations to a total of \$45,000.
