Consideration: Recommend Award

Project: 2021 WPCF Tricking Filter Media Replacement

Partner/Supplier: McClure and Sons Inc

Location: Water Pollution Control Facility (WPCF)

Preceding action: Call for Bids – March 31st, 2021

Fund: 401-Water Sewer Utility

Fiscal summary statement:

The Funding source for this project will be Fund 401 Water and Sewer Utility Fund. The budget for the replacement of the Tricking Filter Media is \$2,900,000, which is for the replacement of the media within two Tricking Filters. This bid represents the second half of the project.

Project summary statement:

Bids were opened on May 4th, 2021 with 2 bids received.

McClure and Sons, Inc. submitted the lowest responsive bid in the amount of \$1,212,690.49, including Washington State Sales Tax.

The Engineer's Opinion of Probable Construction Cost was \$1,356,030.00

This project replaces the media within both trickling filters over a two-year period. Tricking Filter #2 was just completed in April of this year, and Tricking Filter #1 will be completed in the winter of 2021-22. The treatment media and the aging media support systems are being replaced along with any necessary concrete and coating repair work within the interior of the tanks.

Recommendation (exact action requested of Council):

Award the Contract for the 2021 WPCF Tricking Filter Media Replacement project to McClure and Sons, Inc. in the amount of \$1,212,690.49, which includes Washington State Sales Tax.
