LexisNexis is now applying the same configurations to other Snohomish County law enforcement agency's data and their map information should be displayed within the next couple of weeks. Once completed, citizens will be able to view data from police reports for all agencies in Snohomish County.

Northwest Neighborhood Sign Toppers are Coming!!

For a number of years, your NW Neighborhood Association has been working to have sign toppers installed.. We will finally have them!

What are sign toppers? You have possibly seen them in the Bayside Neighborhood as well as a few others. Riverside has their logo embedded within their street signs, which is sadly, no longer available. GeorgaDee MacLeod, long time NW Neighborhood resident and one of NW Neighborhood Representative's for Council of Neighborhoods, has patiently waited for this to come. GeorgaDee along with MaryVee Westlund, have designated street signs that will have these sign toppers so the toppers will now be created and the City of Everett Public Works will install them. Keep your eyes open for these soon!
