- * Council of Neighborhoods Report
- * Minigrant Status
- * Your Opportunity for Input
- * Next Meeting: March 20th

View from the Chair

As I sit here looking out my bedroom window at the Winter Wonderland laid out all around my house, I wonder, as Punxsutawny Phil did just 5 days ago when he saw his shadow, whether Old Man Winter will release us from his frigid clutches any time soon. As beautiful as the snow is, and I love driving in it as it comes down, I fear the ice that is often created by compacted snow. I suppose I'll just sit and enjoy the view!

Our Guest Speaker this month will be Chrys Bertolatto, Natural Resource Program Manager of WSU Cooperative Extension and Coordinator of the Beach Watcher Program. Chrys will give us a fascinating presentation about the Salish Sea, which extends from Vancouver Island to Olympia, as well as its marine inhabitants.

Going forward, we may see more discussion about social and community programs and possible changes to them. As suggested by FEMA, we should all be prepared for at least 14 days in case of a disaster or emergency so it is now more important than ever to become better prepared for such an event. Our proposed City mini grant is directly related to emergency preparedness on the neighborhood level. However, personal preparedness is up to each of us. At next month's meeting, EFD Division Chief Brent Stainer of the Office of Emergency Management will give us a presentation about that.

Come join us, meet your neighbors and find out what's happening in the City and our two neighborhoods!

¡Sí Se Puede! Yes, We Can!
