MYTH: All fire, police and medical staff know how to install car seats.

This is not true. Only Nationally Certified Car Seat Technicians should assist you in the safe use of your seat.

Nationally, four out of 5 car seats are misused. Even by professionals.

Be safe, be sure!

Safe Kids Snohomish County is a not for profit organization whose mission is to prevent unintentional injury and death in children ages 0-19.

While waiting for your appointment be sure to read your car seat owners manual **and** your vehicle owners manual— *it's the LAW.*
