New playground equipment planned for Forest Park

Community invited to share ideas at May 13 public meeting

EVERETT, WA – Everett Parks & Community Services is seeking input on new playground equipment planned for Forest Park. Community members are invited to a public meeting about the project on Monday, May 13, 6-7 p.m. at Lions Hall at Forest Park (802 E. Mukilteo Blvd.).

“Forest Park is one of our most popular parks, visited by thousands of residents, children and families every year,” said Lori Cummings, Everett parks director. “We encourage anyone who enjoys the playground there to join us at the public meeting to learn about the scope of the project and share ideas about what you’d like to see!”

The Forest Park playground project is a capital improvement project. Playground equipment at Everett parks is typically evaluated to be replaced on a 15-year cycle. Construction is expected to begin fall of 2019 and be completed in 2020.

For more information, contact Cory Rettenmier at 425-257-7314 or CRettenmier@everettwa.gov.
