

American Red Cross

Be Prepared. Free Smoke Alarms.

There is a house fire somewhere in the United States about every 1.5 minutes.
Once a house fire starts, you have *two minutes* to get out.
A smoke alarm gives the warning to make that possible.

Make your home safer by taking simple steps and installing smoke alarms. The American Red Cross can help.

It's easy, and it's free.

To get smoke *your* alarms:

Register online: GetASmokeAlarm.org

Leave a message at 833-918-1531 (toll free) – or –

Call your local Red Cross chapter.
