Everett Municipal Code Chapters to be Repealed

One primary objective of Rethink Zoning is to create a “Unified Development Code”, or “UDC”. A UDC is intended to have development regulations in a single place in order to streamline and coordinate the development process of permits and approvals for development projects.

Rethink Zoning includes significant reorganization of existing chapters and provisions within the city municipal code. As a result, several chapters are being repealed and replaced due to the reorganization. [Chapter 4](#), Definitions and [Chapter 5](#), Uses, are examples of existing chapters that will be repealed and replaced. The effect of these changes is provided in the Chapter Summaries available in the Rethink Zoning Library:

<https://everettwa.gov/2453/Rethink-Zoning-Library>.

The final action and ordinance will include a **repeal** of the following chapters of the Everett Municipal Code:
