Utility Rates

EFFECTIVE MARCH 1, 2021

On March 1, 2021, utility rates will increase. This increase, approved by the Everett City Council, addresses the need to end storm-related basement flooding and sewer overflows by funding projects that add capacity and improve the function of the sewer and stormwater system. It also provides funds for projects needed to sustain and improve the aging water system.

FOR MORE INFORMATION

The City's website has more information about why rates are needed to increase and a complete listing of the new rates: everettwa.gov/ub
