

# Learn and save

## WATER CONSERVATION KITS

### These kits are fun for the whole family!

They include plenty of water-saving activities for kids (grades 2-5) and a few specialized water conservation products for the whole family to install and use inside or outside the house.

Available starting May 1, 2021

### INDOOR KITS

Includes a low-flow shower head, faucet aerators and a small roll of pipe tape.

### OUTDOOR KITS

Includes a water-efficient hose nozzle and a moisture meter.

### ALL KITS INCLUDE:

- A **20-page workbook** used in local classrooms for grades 2-5. Follow the local journey of water and learn how to be a water saver instead of a water waster.
- A **'Fix the Leak' activity guide** full of word searches, mazes and activities to do around the house.
- **Use water wisely pencil and ruler** with conservation tips.
- **An easy toilet leak kit** to test for leaks at home.
- **An all-age suggested reading list** by Everett Public Library. From "We are Water Protectors" to "Water: Exploring the Blue Planet," spend your summer exploring the world of water.

### PICK UP LOCATION

#### Everett Public Library

Main Library 2702 Hoyt Ave. 425.257.8010	Evergreen Branch 9512 Evergreen Way 425.257.8260
--	--
