

CITY OF EVERETT

Planning

STAFF MEMO

TO: Everett Planning Commission
FROM: Rebecca McCrary, Long Range Planning Manager
DATE: February 25, 2022
MEETING DATE: March 1, 2022
SUBJECT: *Everett 2044: Comprehensive Plan Periodic Update Scoping Public Hearing*

OVERVIEW

The process of developing a scope for the periodic update to the city's comprehensive plan ([Everett 2044 Scoping Period](#)) is underway and a public comment period runs February 18 to March 25. At its March 1 meeting, the planning commission will have an opportunity to hear public comment.

BACKGROUND

The Planning Commission received briefings and held discussions on the Everett 2044 comprehensive plan periodic update project on April 6, 2021 ([presentation](#)), December 7, 2021 ([memo](#)), and February 15, 2022 ([memo](#)).

The city published a Determination of Significance and Request for Comments on Scope of Environmental Impact Statement ([scoping notice](#)) on February 18. The scoping notice provides a summary of the update process, its purpose and need, potential areas of emphasis, potential elements of the environment to study in an environmental impact statement, and potential growth alternatives.

A project website is live: everettwa.gov/2044.

REQUEST OF THE PLANNING COMMISSION

Staff will provide a short briefing on the comprehensive plan periodic update process and status, followed by an opportunity for the public to address the planning commission with comments about the scope of the update.
