Hello,

I am writing to you to request that you rescind the Port Compatibility Zone that includes my home at 515 Laurel Drive. I've lived at this address since 1994 and have raised my 3 children here.

I'm especially concerned by the following text that will be required in the titles of all new residential developments:

"Your real property is located within the Port Compatibility Area (PCA). Occupants of properties within the PCA may be subject to inconveniences or discomforts arising from maritime activities, including but not limited to noise, odors, glare, fumes, dust, construction activity, smoke, traffic, hours of operation, low overhead flights and other maritime activities. Everett Municipal Code (EMC) 19.17 requires that you receive this disclosure notice in connection with permits you are or may be seeking. Provisions of EMC 20.08 provide that noise exemptions apply to "created by watercraft ... in operation", and "operation of equipment or facilities of surface carriers engaged in commerce by railroad".

These are exactly the issues that current homeowners have to deal with on a daily basis and exactly why the Port of Everett must be held accountable to the citizens of Everett. We are tired of being ignored. Thank you.

Sincerely,

Paul Kulits, DMD
