

Protect Your Gas Station and/or Car Wash Business and Local Waterways

- Routinely inspect and conduct maintenance on oil/water separators
- Sweep parking and self-service areas daily
- Check for vehicle and oil leaks and clean up spills
- Designate a vehicle wash area that is covered and/or bermed and connected to the sanitary sewer system, appropriate treatment system, or drains to a vegetated area
- Know where your spill kit is and how to use it

What is stormwater?

Rainwater or snow that can pick up pollution and carry it to local waterways from parking lots and roadways through storm drains or ditches.

ONLY RAIN DOWN THE STORM DRAIN
