

# Protect Your Auto Wrecking/Recycling Business and Local Waterways

- Remove batteries and liquids from vehicles that will be retired for scrap
- Conduct dismantling/crushing operations indoors and/or outside within a designed area that is paved, covered, and bermed
- Install a fluid collection system under dismantling/crushing operations
- Cover burned vehicles, vehicles without hoods, tire piles, parts, and equipment stored outdoors
- Close vehicle hoods when not in use

## What is stormwater?

Rainwater or snow that can pick up pollution and carry it to local waterways from parking lots and roadways through storm drains or ditches.

**ONLY RAIN DOWN THE STORM DRAIN**
