WASHINGTON STATE

Nestled between the beautiful Cascade Mountain Range to the east, the Puget Sound with its hundreds of forested islands to the west, and with the Snohomish River and easy-to-access lakes close at hand, Everett is a splendid place to live.

Industrialists from the east saw Everett's potential as a business hub more than a century ago and led its development as a lumber and mill town. Today, the area offers a high quality of life, a vital center for businesses of all types and an important deep-water port that provides access to overseas markets.

As the county seat, Everett is the center of economic development activity in Snohomish County with an expanding high-technology industrial base, a deep-water port accessing the Pacific Ocean, an established, world-renowned aircraft manufacturing plant and state-of-the-art naval station. Opportunities abound in our city.

The City of Everett is home to more than 100,000 citizens on 25,000 acres of land and 9,600 acres of water. It is the sixth largest city in the State of Washington and home to the second biggest marina on the West Coast. The area boasts a wide range of family-centered entertainment, cultural, recreational and educational opportunities. The climate is relatively mild year-round, with seemingly endless outdoor recreational activities.
