

Rain Barrel Program

Rain barrels collect water from rooftops to help control stormwater runoff. Water flows into the barrel from your downspout and is stored for future use. Learn more at everettwa.gov/rainbarrels.

UPCOMING WORKSHOPS & SALES

BUY a Rain Barrel

MAKE a Rain Barrel

Saturday, August 6, 2016 • 9am – 12pm

City of Everett Public Works • 3200 Cedar Street

Saturday, September 10, 2016 • 9am – 12pm

City of Everett Public Works • 3200 Cedar Street

Purchase a premade barrel at these one-day events. Each 55-gallon barrel includes a spigot, an overflow and a double screen on top to keep out debris. You do not need to register, just show up on day of sale.

COST: \$55 each *(payable by cash or check)*

Thursday, September 15, 2016 • 7pm

Location: TBD • Everett WA

Saturday, October 8, 2016 • 10am

Location: TBD • Everett WA

Attend a “Make it, Take it” workshop and build your own rain barrel. Public Works will supply the barrels, parts and tools. You build your functional rain barrel at the workshop. The fee covers the price of the 55-gallon barrel and parts.

You must pre-register for the workshop.

Call 425-257-8992 to sign up today. Space is limited.

Cost: \$40/barrel *(payable by cash or check)*
